The STAR² Center, workforce project of ACU, has just released the [Provider Retention and Recruitment \(R&R\) Plan](#). This tool is meant to be a working, living document that can be easily modified by your workforce team to create robust R&R programs that can adjust to changing conditions at your health center and in the health care environment. [Download the tool](#) today and be sure to join us for our [three-part webinar](#) series as speakers walk through the tool and describe the value of using this framework in developing or revising a recruitment and retention plan.
